## FSC E.V. GENERAL INFORMATION MEETING AGENDA

Sunday, 30th August 2009

1. Club status report – as a Verein, to be or not to be gemeinnuetzig
2. Constraints of being a gemeinnuetzige Verein:
  - a. Every trip needs to include lessons or races
  - b. Every trip needs to include ski pass (wherever possible)
  - c. Accounting becomes more complicated due to categorization of each trip
  - d. Less flexibility on how club funds can be spent (e.g. membership fees)
3. AGM – we are hoping to hold this at the latest mid-November, once all the issues have been clarified with the Finanzamt, and we have found candidates for the positions of President and Treasurer. For these positions candidates need knowledge about the club, as well as preferably accounting and German language skills.
4. Kassenpruefung - we need 2 members to do a Kassenpruefung on our accounts from last season before the AGM (an audit to the best of their ability, so preferably people with tax knowledge). Alternatively, a Steuerberater can do this, but it would cost approximately EUR 3.000 per season.
5. Cashless payments during the coming season – an update will be given on why and how we will be doing this.
